THE NEW AVENGERS

THE TRUST
PART SIX

PREVIOUSLY...

After the superhuman civil war, Luke Cage, Spider-Man, Wolverine and Spider-Woman went underground rather than register their identities with the government. Together with Clint Barton--now wearing the costume of Ronin--Doctor Strange, Iron Fist and Echo, they operate out of Doctor Strange's Sanctum Sanctorum.

Recently, during a fight in Japan, Elektra, the leader of the Hand, was killed. Upon her death, her body reverted to its true form: that of a shape-shifting Skrull. While on a hunt for more information about the possible alien invasion, Wolverine discovers the plans of a mysterious villain called the Hood, who has gathered together a crew of renowned super-criminals including the Wrecking Crew, Chemistro, the Wizard, Madame Masque and a host of other villainous types.

After the Hood proves himself to his cohorts by taking out the super hero called Tigra and robbing a bank of millions of dollars, the New Avengers catch up to him and his gang. Faced with firepower greater than their own, the Avengers hatch a plan.

Now, the cavalry has arrived...
